Pictures of the building and notes about repair needs:

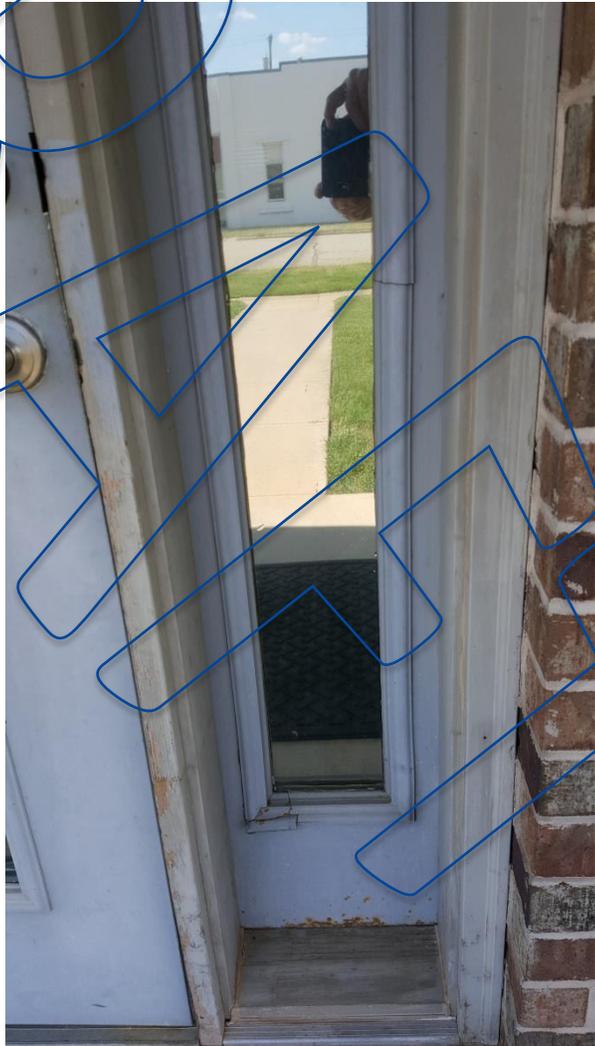

These two pictures show some of the bottom row of siding that needs replaced with similar siding or some other type of baseboard. This bottom row needs replaced on the entire building.

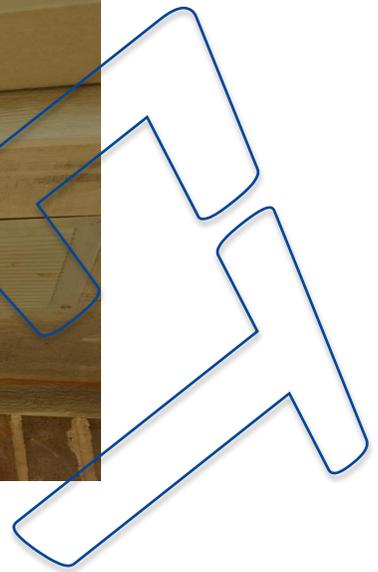

On exterior doors, trim needs painted. Some may need replaced.

Molding on 2 front entry windows is broken
And needs to be replaced, possibly replacing
the entire window and frame.

Soffits and trim need paint, some needing repair/replaced.

Interior walls need very minor patching and paint.
