# Community Health Needs Assessment

## Table of Contents

### **I. Executive Summary**

- a) County Health Area of Future Focus (A prioritized description of future community needs identified by community discussion)
- b) Town Hall CHNA Findings: Areas of Strengths and Areas to Change and/or Improve.

### **II. Methodology**

- a) CHNA Scope and Purpose
- b) Local Collaborating CHNA parties (The identity of any and all organizations with which the organization collaborated and third parties that engaged to assist with the CHNA)
- c) CHNA & Town Hall Research Process (A description of the process & methods used to conduct the CHNA, a description of how the organization considered the input of persons representing the community, and an explanation of the process/ criteria used in prioritizing)
- d) Community Profile (A description of the community served by the facility and how the community was determined)

### **III. Community Health Status**

- a) Historical Community Health Statistics- Secondary Data
- b) Online Research- Health Status

### **IV. Inventory of Existing County Health Resources**

- a) A description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA

### **V. Detail Exhibits**

- a) Patient Origin & Access to Care
- b) Town Hall Attendees, Notes, & Feedback (Who attended with qualifications)
- c) Public CHNA Notice / News
- d) Primary Research Detail

# I. Executive Summary

## Harper County, KS - 2018 Community Health Needs Assessment (CHNA) Wave #3

Creating healthy communities requires a high level of mutual understanding and collaboration among community leaders. The development of this assessment brings together community health leaders and providers, along with the local residents, to research and prioritize county health needs and document community health delivery success. This health assessment will serve as the foundation for community health improvement efforts for the next three years.

Harper County, KS previous CHNA was completed in 2015. (Note: The Patient Protection and Affordable Care Act (ACA) require not-for-profit hospitals to conduct a CHNA every three years and adopt an implementation strategy to meet the needs identified by the CHNA). Wave #3 Harper County KS CHNA assessment began August 2018 and was facilitated / created by VVV Consultants, LLC (Olathe, KS) staff under the direction of Vince Vandehaar, MBA.

**Important community CHNA Benefits** for both the local hospital and the health department, are as follows: 1) Increases knowledge of community health needs and resources 2) Creates common understanding of the priorities of the community's health needs 3) Enhances relationships and mutual understanding between and among stakeholders 4) Provides a basis upon which community stakeholders can make decisions about how they can contribute to improving the health of the community 5) Provides rationale for current and potential funders to support efforts to improve the health of the community 6) Creates opportunities for collaboration in delivery of services to the community and 7) Provides guidance to the hospital and local health department for how they can align their services and community benefit programs to best meet needs, and 8) fulfills Hospital "Mission" to deliver quality health care.

## b) Town Hall CHNA Findings: Areas of Strengths

### Harper County CHNA Town Hall - "Community Health Areas of Strengths"

Harper Co - Community Health "Strengths"			
#	Topic	#	Topic
1	Access to HC services	7	Kid-friendly Activities
2	Career Transitions with Youth	8	Law Enforcement
3	Collaboration with Public Health, Providers, Community, and Schools	9	Pharmacy
4	Community Foundation	10	School Nurse
5	Community Lead Healthcare	11	Technology
6	Employment Opportunities	12	Wellness Education/ Health Fair

### Key CHNA Wave#3 Secondary Research Conclusions are as follows:

**KS HEALTH RANKINGS:** According to the 2018 Robert Wood Johnson County Health Rankings, Harper County KS was ranked 95<sup>th</sup> in Health Outcomes, 88<sup>th</sup> in Health Factors, and 87<sup>th</sup> in Physical Environmental Quality out of the 105 Counties.

**TAB 1.** Harper County's population is 5,590 (based on 2017), with a population per square mile (based on 2010) of 7.5 persons. 6.9% of the population is under the age of 5 and 22.1% is over 65 years old. 49.7% of Harper is Female. Hispanic or Latinos make up 6.2% of the population and there are 5.8% of Harper citizens that speak a language other than English at home. In Harper, children in single parent households make up 28%. There are 363 Veterans living in Harper County.

**TAB 2.** The per capita income in Harper County is \$25,944, and there is 14.6% of the population in poverty. There are 3,172 total housing units with a severe housing problem of 15%. There are 905 total firms (based on 2012) in Harper County and an unemployment rate of 3.9%. Food insecurity is at 13%, and limited access to a store (healthy foods) at 7%.

**TAB 3.** Children eligible for a free or reduced-price lunch is higher than average at 61% and 89.4% of students graduate high school and 19.7% of students get their bachelor's degree or higher.

**TAB 4.** The percent of births where prenatal care started in the first trimester is 80.8% and 73.3% Infants in Harper County are receiving full immunization up to 24 months. The percent of births occurring to unmarried women is 39.8% and births where mothers have smoked during the pregnancy is at 21.2%.

**TAB 5.** There is one primary care Physician per 1,940 people in Harper County. 68.9% of patients would rate their hospital 9 or 10 out of 10, however, 65.5% of patients would recommend their primary hospital. The average ER wait time is 14 minutes.

**TAB 6.** People getting treated for depression in Harper County is 15.4%. The age-adjusted suicide mortality rate in Harper County is N/A due to Harper's low population.

**TAB 7.** 34% of adults in Harper County are obese (based on 2014), with 34% of the population physically inactive. 15% of adults drink excessively and 18% smoke. Chronic Kidney Disease is 17.4%, while COPD is 13.2%. Osteoporosis is at 6.5% based on 2015).

**TAB 8.** The adult uninsured rate for Harper County is as high as 15%.

**TAB 9.** The life expectancy rate in Harper County is 74.4 for Males and 79.8 for Females. The age-adjusted Cancer Mortality rate is at 158.3 and the Heart Disease Mortality rate is at 149.3. The age-adjusted Chronic Lower Respiratory Morality rate is very high at 91.7%. Alcohol impaired driving deaths is at 22%.

**TAB 10.** 42% of Harper County has access to exercise opportunities and as high as 92% monitor diabetes. Only 56% of women in Harper County get annual mammography screenings (based on 2014).

**Key 2018 Community Feedback Conclusions: Stakeholder feedback from residents, community leaders and providers (N=244) provided the following community insights via an online perception survey:**

- Using a Likert scale, 51.6% of Harper County stakeholders would rate the overall quality of healthcare delivery in their community as either Very Good or Good.
- Harper County stakeholders are satisfied with the following services: Pharmacy and School Nurse. Low scoring Community Services: Mental Health, Ambulance, Family Planning, Home Health, and Access to Specialists.
- When considering past CHNA needs Drug/Substance Abuse, Mental Health Access, Alcohol Abuse, Affordable HC Insurance, and Obesity are some problems identified.

# II. Methodology

---

[VVV Consultants LLC]

## II. Methodology

### a) CHNA Scope and Purpose

The federal Patient Protection and Affordable Care Act (ACA) requires that each registered 501(c)3 hospital conduct a Community Health Needs Assessment (CHNA) at least once every three years and adopt a strategy to meet community health needs. Any hospital who has filed a 990 is required to conduct a CHNA. IRS Notice 2011-52 was released in late fall of 2011 to give notice and request comments.

#### **JOB #1: Meet/Report IRS 990 Required Documentation**

1. A description of the community served by the facility and how the community was determined;
2. A description of the process and methods used to conduct the CHNA;
3. The identity of any and all organizations with which the organization collaborated and third parties that it engaged to assist with the CHNA;
4. A description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications;
5. A prioritized description of all of the community needs identified by the CHNA and an explanation of the process and criteria used in prioritizing such needs; and
6. A description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

Section 501(r) provides that a CHNA must take into account input from persons who represent the broad interests of the community served by the hospital facility, including individuals with special knowledge of or expertise in public health. Under the Notice, the persons consulted must also include: Government agencies with current information relevant to the health needs of the community and representatives or members in the community that are medically underserved, low-income, minority populations, and populations with chronic disease needs. In addition, a hospital organization may seek input from other individuals and organizations located in or serving the hospital facility's defined community (e.g., health care consumer advocates, academic experts, private businesses, health insurance and managed care organizations, etc.).

#### **JOB #2: Making a CHNA Widely Available to the Public**

The Notice provides that a CHNA will be considered to be "conducted" in the taxable year that the written report of the CHNA findings is made widely available to the public. The Notice also indicates that the IRS intends to pattern its rules for **making a CHNA "widely available to the public"** after the rules currently in effect for Form 990. Accordingly, an organization would make a **facility's written report** widely available by posting the final report on its website either in the form of (1) the report itself, in a readily accessible format or (2) a link to another organization's website, along with instructions for accessing the report on that website. *The Notice clarifies that an organization must post the CHNA for each facility until the date on which its subsequent CHNA for that facility is posted.*

### **JOB #3: Adopt an Implementation Strategy by Hospital**

Section 501(r) requires a hospital organization to adopt an implementation strategy to meet the needs identified through each CHNA. The Notice defines an “implementation strategy” as a written plan that addresses each of the needs identified in a CHNA by either (1) describing how the facility plans to meet the health need or (2) identifying the health need as one that the facility does not intend to meet and explaining why the facility does not intend to meet it. A hospital organization may develop an implementation strategy in collaboration with other organizations, which must be identified in the implementation strategy. As with the CHNA, a hospital organization that operates multiple hospital facilities must have a separate written implementation strategy for each of its facilities.

Great emphasis has been given to work hand-in-hand with leaders from hospitals, the state health department and the local health department. A common approach has been adopted to create the CHNA, leading to aligned implementation plans and community reporting.

## **IRS Notice 2011-52 Overview**

### Notice and Request for Comments Regarding the Community Health Needs Assessment Requirements for Tax-exempt Hospitals

#### **Applicability of CHNA Requirements to “Hospital Organizations”**

The CHNA requirements apply to “hospital organizations,” which are defined in Section 501(r) to include (1) organizations that operate one or more state-licensed hospital facilities, and (2) any other organization that the Treasury Secretary determines is providing hospital care as its principal function or basis for exemption.

#### **How and When to Conduct a CHNA**

Under Section 501(r), a hospital organization is required to conduct a CHNA for each of its hospital facilities once every three taxable years. ***The CHNA must take into account input from persons representing the community served by the hospital facility and must be made widely available to the public. The CHNA requirements are effective for taxable years beginning after March 23, 2012.*** As a result, a hospital organization with a June 30 fiscal year end must conduct an initial CHNA for each of its hospital facilities by June 30, 2013, either during the fiscal year ending June 30, 2013 or during either of the two previous fiscal years.

#### **Determining the Community Served**

A CHNA must identify and assess the health needs of the **community served** by the hospital facility. Although the Notice suggests that geographic location should be the primary basis for defining the community served, it provides that the organization may also take into account the target populations served by the facility (e.g., children, women, or the aged) and/or the facility’s principal functions (e.g., specialty area or targeted disease). *A hospital organization, however, will not be permitted to define the community served in a way that would effectively circumvent the CHNA requirements (e.g., by excluding medically underserved populations, low-income persons, minority groups, or those with chronic disease needs).*

#### **Persons Representing the Community Served**

Section 501(r) provides that a CHNA must take into account input from **persons who represent the broad interests of the community** served by the hospital facility, including individuals with special knowledge of or expertise in public health. Under the Notice, the persons consulted must also include: (1) government agencies with current information relevant to the health needs of the community and (2) representatives or members of medically underserved, low-income, and minority populations, and populations with chronic disease needs, in the community. In addition, a hospital organization may seek input from other individuals and organizations located in or serving the hospital facility’s defined community (e.g., health care consumer advocates, academic experts, private businesses, health insurance and managed care organizations, etc).

## Required Documentation

The Notice provides that a hospital organization will be required to separately document the CHNA for each of its hospital facilities in a **written report** that includes the following information: 1) a description of the community served by the facility and how the community was determined; 2) a description of the process and methods used to conduct the CHNA; 3) the identity of any and all organizations with which the organization collaborated and third parties that it engaged to assist with the CHNA; 4) a description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications; 5) a prioritized description of all of the community needs identified by the CHNA and an explanation of the process and criteria used in prioritizing such needs; and 6) a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

## Making a CHNA Widely Available to the Public

The Notice provides that a CHNA will be considered to be **“conducted”** in the taxable year that the written report of the CHNA findings is made **widely available to the public**. The Notice also indicates that the IRS intends to pattern its rules for making a CHNA “widely available to the public” after the rules currently in effect for Forms 990. *Accordingly, an organization would make a facility’s written report widely available by posting on its website either (1) the report itself, in a readily accessible format, or (2) a link to another organization’s website, along with instructions for accessing the report on that website. The Notice clarifies that an organization must post the CHNA for each facility until the date on which its subsequent CHNA for that facility is posted.*

## How and When to Adopt an Implementation Strategy

Section 501(r) requires a hospital organization to adopt an implementation strategy to meet the needs identified through each CHNA. **The Notice defines an “implementation strategy” as a written plan that addresses each of the needs identified in a CHNA by either (1) describing how the facility plans to meet the health need, or (2) identifying the health need as one that the facility does not intend to meet and explaining why the facility does not intend to meet it.** A hospital organization may develop an implementation strategy in collaboration with other organizations, which must be identified in the implementation strategy. As with the CHNA, a hospital organization that operates multiple hospital facilities must have a separate written implementation strategy for each of its facilities.

Under the Notice, an implementation strategy is considered to be “adopted” on the date the strategy is approved by the organization’s board of directors or by a committee of the board or other parties legally authorized by the board to act on its behalf. Further, the formal adoption of the implementation strategy must occur by the end of the same taxable year in which the written report of the CHNA findings was made available to the public. For hospital organizations with a June 30 fiscal year end, that effectively means that the organization must complete and appropriately post its first CHNA no later than its fiscal year ending June 30, 2013, and formally adopt a related implementation strategy by the end of the same tax year. *This final requirement may come as a surprise to many charitable hospitals, considering Section 501(r) contains no deadline for the adoption of the implementation strategy.*

## IRS and Treasury Finalize Patient Protection Rules for Tax-Exempt Hospitals

ACCOUNTING TODAY 1/2/15

The Internal Revenue Service and the Treasury Department have issued **final regulations** under the Affordable Care Act to protect patients in tax-exempt hospitals from aggressive debt collection practices and to provide other rules for charitable hospitals.

Under the **final regulations**, each Section 501(c)(3) hospital organization is required to meet four general requirements on a facility-by-facility basis: establish written financial assistance and emergency medical care policies; limit the amounts charged for emergency or other medically necessary care to individuals eligible for assistance under the hospital's financial assistance policy; make reasonable efforts to determine whether an individual is eligible for assistance under the hospital's financial assistance policy before engaging in extraordinary collection actions against the individual; and conduct a community health needs assessment, or CHNA, and adopt an implementation strategy at least once every three years. The first three requirements are effective for tax years beginning after March 23, 2010 and the CHNA requirements are effective for tax years beginning after March 23, 2012.

The ACA also added a new Section 4959, which imposes an excise tax for failure to meet the CHNA requirements, and added reporting requirements. These final regulations provide guidance on the entities that must meet these requirements, the reporting obligations relating to these requirements and the consequences for failing to satisfy the requirements.

“Charitable hospitals represent more than half of the nation’s hospitals and play a key role in improving the health of the communities they serve,” wrote Emily McMahon, Deputy Assistant Secretary for Tax Policy at the U.S. Department of the Treasury, in a **blog post** Monday explaining the requirements. “But reports that some charitable hospitals have used aggressive debt collection practices, including allowing debt collectors to pursue collections in emergency rooms, have highlighted the need for clear rules to protect patients. For hospitals to be tax-exempt, they should be held to a higher standard. That is why the Affordable Care Act included additional consumer protection requirements for charitable hospitals, so that patients are protected from abusive collections practices and have access to information about financial assistance at all tax-exempt hospitals.”

She noted that as a condition of their tax-exempt status, charitable hospitals must take an active role in improving the health of the communities they serve, establish billing and collections protections for patients eligible for financial assistance, and provide patients with the information they need to apply for such assistance. “These final rules adopt the same framework of proposed regulations but simplify the compliance process for charitable hospitals, while continuing to provide meaningful guidance on protections for patients and requirements to assess community health needs,” she added.

Under the new rules, hospitals cannot charge individuals eligible for financial assistance more for emergency or other medically necessary care than the amounts generally billed to patients with insurance (including Medicare, Medicaid, or private commercial insurance). In addition, every tax-exempt hospital must establish and widely publicize a financial assistance policy that clearly describes to patients the eligibility criteria for obtaining financial assistance and the method for applying for financial assistance.

Charitable hospitals are also prohibited from engaging in certain collection methods (for example, reporting a debt to a credit agency or garnishing wages) until they make reasonable efforts to determine whether an individual is eligible for assistance under the hospital's financial assistance policy.

In addition, each charitable hospital needs to conduct and publish a community health needs assessment at least once every three years and disclose on the tax form that it files on an annual basis the steps it is taking to address the health needs identified in the assessment.

Many of the requirements have been in place since the Affordable Care Act passed in 2010, but in response to comments on the proposed regulations, the final rules also expand access to translations for patients, by lowering the threshold for having translations of financial assistance policies available from 10 percent of the community served as proposed, to five percent of the community served or population expected to be encountered by the hospital facility, or 1000 persons, whichever is less, according to McMahon. "The final rules also revise the notification requirements to maintain important protections for patients while making it easier for hospitals to comply with them," she wrote. "General notifications regarding a hospital's financial assistance policy must appear on bills and in the hospital. However, individual written and oral notifications of the hospital's financial assistance policy are now only required when a hospital plans to use extraordinary collections actions, such as reporting a debt to a credit bureau, selling the debt to a third party or garnishing wages."

While charitable hospitals must continue to make a good-faith effort to comply, the rules provide charitable hospitals with time to fully update their policies and programming to implement the changes. But if a charitable hospital fails to meet the consumer protection provisions required by the law, the hospital could have its tax-exempt status revoked. If a hospital fails to properly conduct a community health needs assessment or adopt an implementation strategy, an excise tax will apply, McMahon noted. "However, if a hospital fails to meet a requirement, but the failure is neither willful nor egregious, the hospital can correct and publicly disclose the error to have it excused, thus avoiding revocation of tax-exempt status, but the excise tax would still apply," she wrote.

# CHNA NEWS: IRS Makes First Revocation of Hospital Not-for-Profit Status Under 501(r)

RICH DALY, HFMA SENIOR WRITER/EDITOR

**Aug. 15, 2017**—Charity-care reporting requirements under the healthcare reform law may have gone into effect only last October, but already one hospital has lost its not-for-profit tax status as a result. The first-time tax-status revocation under Affordable Care Act (ACA) 501(r) requirements applied to a “dual-status” 501(c)(3) hospital operated by a “local county governmental agency” and was confirmed by a redacted copy of the [tax status letter](#), which was dated Feb. 14, 2017, and posted to the IRS website in August. Neither an IRS spokeswoman nor the redacted letter identified the hospital. Loss of the 501(c)(3) exemptions eliminates the ability of hospitals to use certain employee benefit plans; likely subjects hospitals to income, property, and other taxes; bars receipt of tax-deductible contributions; and disallows use of tax-exempt bonds.

The 501(r) requirements on performing community health needs assessments (CHNAs) and offering financial assistance became effective for tax years beginning on or after Dec. 29, 2015, meaning tax-exempt hospitals operating on the calendar had to be in compliance by Jan. 1, 2016, and those with a different fiscal-year end had to be in compliance by Oct. 1, 2016.

The only enforcement information previously released by the IRS was a June 2016 letter to Sen. Charles Grassley (R-Iowa), which noted that at that point the IRS had completed 2,482 compliance reviews under 501(r). Additionally, 163 hospitals were assigned for “examination” as a result of those compliance reviews, but no further actions were identified.

The ACA requires the IRS to review the community-benefit activities of about 3,000 tax-exempt hospitals at least once every three years. This was the first time that Keith Hearle, president, Verité Healthcare Consulting, LLC, Alexandria, Va., had heard of an instance in which a hospital lost its not-for-profit status over 501(r) requirements. He has heard of several others that incurred the \$50,000 excise tax for failing to meet the CHNA requirement.

“I would be surprised if it is a one-off,” said Hearle, who has been expecting more IRS enforcement after his own reviews indicated widespread hospital vulnerability due to poor compliance.

## Reasons for Revocation

Hospital 501(r) requirements include:

- Conducting a CHNA at least once every three years
- Making the CHNA publicly available on a website
- Adopting an implementation strategy to meet the needs identified in the CHNA
- Adopting a financial assistance policy and publicizing the policy, including by posting it on a website
- Limiting the amounts charged to individuals who are eligible for financial assistance
- Making individuals aware of the financial assistance policy prior to engaging in certain collection actions

Among the reasons for the IRS action against the county government hospital was its finding that the hospital did not make the CHNA widely available to the public through a website, although it had paper copies available on request. “The hospital indicated to the IRS that it might have acted on some of the recommendations included in the Implementation Strategy Report, but that a separate written implementation policy was neither drafted nor adopted,” the IRS letter stated.

Officials at the small rural hospital said they lacked the staffing to comply with 501(r) requirements. They also said they “really did not need, actually have any use for, or want their tax-exempt status under Section 501(c)(3),” according to the IRS letter. The hospital believed its tax-exempt status somehow prevented its involvement in certain payment arrangements. It had maintained 501(c)(3) status “only in case any liabilities arose relating to the prior management company that had originally obtained that status from the IRS.”

The IRS deemed the hospital’s failure “egregious” because its leaders had “neither the will, the resources, nor the staff to follow through with the” 501(r) requirements.

### Widespread Vulnerability

Industry advisers worry that many hospitals could be vulnerable to IRS enforcement—if not tax-status revocation—under the new requirements. “A lot of them just assume that what they have, in terms of policy and procedure, suffices under the final regulations and have not done a lot,” said Andrew Kloeckner, a partner for Omaha-based law firm Baird Holm.

Even hospitals that have taken steps to become compliant with the requirements can face downsides, including complications with their collection efforts, which in turn can delay cash flow, Kloeckner said.

Jan Smith, a tax senior manager in Crowe Horwath’s Healthcare practice, indicated that the likelihood of a similar penalty or the likelihood of this determination setting a precedent at other hospitals may be limited. This is due to the unusual position taken by the revoked hospital’s officials that they didn’t need or want charitable status (in addition to governmental status).

“If hospitals are making a good-faith effort to comply, I would be surprised if the IRS would revoke their tax status at this stage of 501(r) examinations,” Smith said in an interview. However, she is aware of several health systems that the IRS is seeking to penalize under the CHNA tax provision.

The IRS’s 501(r) compliance reviews include the agency’s analysis of hospital websites and “other information designed to identify the hospitals with the highest likelihood of non-compliance,” IRS Commissioner John Koskinen stated in his 2016 letter to Grassley.

Justin Lowe, senior manager with the Exempt Organizations Tax Practice at Ernst & Young, underscored that hospital websites are among the publicly available information that the IRS reviews. He urged hospitals to make sure that all required documents, including the CHNA and financial assistance policy, are on the website and easily findable. Insufficient approaches to 501(r) compliance, Kloeckner said, include instances when hospitals purchase financial assistance policy templates that are provided by a consultant and not submitted for legal review, potentially leaving audit vulnerabilities. Kloeckner also urged attention on practices and procedures outside of the policies.

Small government-operated hospitals are among the most vulnerable to enforcement, Hearle said, because they may not be required to file Form 990, which provides reminders about 501(r) compliance requirements. “It’s a group of hospitals I’m concerned about,” Hearle said.

Among the financial assistance requirements with which hospitals are most likely to struggle, Hearle said, is making available lists of physicians who are associated with the hospital and who utilize the same charity care policies.

“Patients obtaining charity care from a hospital want to find physician groups through which they can get the same charity care, as opposed to some group that doesn’t offer charity care,” Hearle said.

# Public Health Criteria:

## **Domain 1: Conduct and disseminate assessments focused on population health status and public health issues facing the community.**

Domain 1 focuses on the assessment of the health of the population in the jurisdiction served by the health department. The domain includes: systematic monitoring of health status; collection, analysis, and dissemination of data; use of data to inform public health policies, processes, and interventions; and participation in a process for the development of a shared, comprehensive health assessment of the community.

### **DOMAIN 1 includes 4 STANDARDS:**

- **Standard 1.1** - Participate in or Conduct a Collaborative Process Resulting in a Comprehensive Community Health Assessment
- **Standard 1.2** - Collect and Maintain Reliable, Comparable, and Valid Data That Provide Information on Conditions of Public Health Importance and on the Health Status of the Population
- **Standard 1.3** - Analyze Public Health Data to Identify Trends in Health Problems, Environmental Public Health Hazards, and Social and Economic Factors That Affect the Public's Health
- **Standard 1.4** - Provide and Use the Results of Health Data Analysis to Develop Recommendations Regarding Public Health Policy, Processes, Programs, or Interventions

### **Required CHNA Planning Process Requirements:**

- a. Participation by a wide range of community partners.
- b. Data / information provided to participants in CHNA planning process.
- c. Evidence of community / stakeholder discussions to identify issues & themes. Community definition of a "healthy community" included along with list of issues.
- d. Community assets & resources identified.
- e. A description of CHNA process used to set priority health issues.

### **Seven Steps of Public Health Department Accreditation (PHAB):**

1. Pre-Application
2. Application
3. Document Selection and Submission
4. Site Visit
5. Accreditation Decision
6. Reports
7. Reaccreditation

## **II. Methodology**

### **b) Collaborating CHNA Parties**

Working together to improve community health takes collaboration. Listed below is an in depth profile of the local hospital and Health Department CHNA partners:

#### **Harper County Health Department**

**201 N Jennings Ave**

**Anthony, KS 67003**

**(602) 842-5132**

**Administrator: Sherry Vierthaler, LBSW**

#### **About Us:**

The Harper County Health Department currently offers a full array of services including: Basic Health Services, Immunizations, WIC, Family Planning Services, Disease Investigation, Public Health Emergency Preparedness Planning and In-home services. The Anthony location is open Monday-Friday 8:00 a.m. to 5:00 p.m. Attica location is open 1st & 3rd Tuesday 9:30 a.m. – 11:30 a.m. and the Harper Location is open Wednesdays 9:00 a.m. – 11:30 a.m.

#### **Mission:**

- To provide health and environmental services that assist Harper County citizens to prevent disease, maintain health, protect the environment and promote wellness.
- To provide leadership for the identification of unmet health needs of Harper County citizens and to facilitate solutions to these problems.
- To facilitate quality service delivery in a manner that is timely, flexible, convenient, nondiscriminatory and cost effective for the citizens of Harper County.
- To cooperate with other community service agencies and organizations to improve and advance the quality of life in Harper County.
- To foster a work environment that will provide staff development and job satisfaction, promote teamwork and encourage leadership.
- To maintain fiscal responsibility, professional work ethics, and high standards of care.

**Vision:** Harper County/Healthy Community

#### **Purpose:**

To provide Harper County citizens with comprehensive, cost effective, and quality public health services.

## **Hospital District #6**

**1101 E Spring Street**

**Anthony, KS 67003**

**(620)-842-5111**

**CEO: Pat Patton**

### **About Us:**

Hospital District #6 recognizes the importance of keeping quality healthcare close to home, so they were formally known as Anthony Medical Center and Harper Hospital until 2017 where they became one entity. Their healthcare services include some of the following: surgery, cardiac rehab, physical therapy, mammography, and MRI services. Hospital District #6 has an emergency department that is fully staffed 24/7 and are a local community provider in south central Kansas and northern Oklahoma.

### **Mission Statement:**

We are dedicated to providing high quality, patient and family centered health and wellness services in partnership with our communities.

### **Vision Statement:**

We will be the preferred and family centered campus for high quality, cost effective, and innovative healthcare and community wellness.

### **Guiding Principles:**

- High Quality
- Patient/ Family Centered
- Wellness Communities

#### Consultant Qualifications

#### VVV Consultants LLC

Company Profile: 601 N. Mahaffie, Olathe, KS 66061 (913) 302-7264

**Vince Vandehaar MBA, Principal Consultant & Adjunct** (913) 302-7264

[VVV@VandehaarMarketing.com](mailto:VVV@VandehaarMarketing.com)

Vince provides professional business consulting services to help healthcare organizations with business strategy, research and development. Specifically, Vince facilitates strategic planning, creates proven marketing plans/tactics, prepares IRS aligned community health needs assessments and conducts both qualitative and quantitative market research studies.

Vince started his consulting firm (VVV Consultants LLC) on 1/1/2009, after working for Saint Luke's Health System of Kansas City for 16 years. (Note: Saint Luke's Hospital of KC, SLHS's largest hospital, won the Malcolm Baldrige National Quality Award in March of 2003). Prior to his experience at Saint Luke's, Vince worked in the payor and insurance industry for Blue Cross and Blue Shield of Kansas City; Tillinghast, a Tower's Perrin Actuarial Consulting Firm; and Lutheran Mutual Life Insurance Company.

Vince also is an Adjunct Professor teaching BA, MBA & MHA classes part time 20% of his time at Avila, Rockhurst and/or Webster University (Strategic Planning, Marketing, MHA Capstone, Marketing Research, Sales & Social Media classes) and consults the remainder of his time.

Vince is a Malcolm Baldrige coach and a professional focus group moderator. He is actively involved in the national Society for Healthcare Strategy & Market Development (SHSMD), KHA/MHA Marketing Associations, KC Employee Benefit Professional Association, Healthcare Executives Kansas City, the American Marketing Association KC Chapter and is a SG2 advocate.

## II. Methodology

### c) CHNA and Town Hall Research Process

Wave #3 Community Health Needs Assessment (CHNA) process began in August 2018 for Harper County to meet IRS CHNA requirements.

In October 2018 a meeting was called by Harper County KS to review possible CHNA collaborative options, partnering with Harper County Health Department. Note: VVV Consultants LLC from Olathe, KS was asked to facilitate this discussion with the following agenda: VVV CHNA experience, review CHNA requirements (regulations) and discuss CHNA steps/options to meet IRS requirements and to discuss next steps. Outcomes from discussion lead to Hospital District #6 administration requesting VVV Consultants LLC to complete a CHNA IRS aligned comprehensive report.

#### VVV CHNA Deliverables:

- Document Hospital Primary Service Area - meets the 80-20 Patient Origin Rule.
- Uncover / document basic secondary research county health data, organized by 10 tabs.
- Conduct / report CHNA Community Check-in Feedback Findings (primary research).
- Conduct a Town Hall meeting to discuss with community secondary & primary data findings leading to determining (prioritizing) county health needs.
- Prepare & publish CHNA report which meets ACA requirements.

To ensure proper PSA Town Hall representation (that meets the 80-20 Patient Origin Rule), a patient origin three-year summary was generated documenting patient draw by zips as seen below:

Define PSA ... Hospital District No 6 of Harper County, KS							
Totals include inpatient, swingbed, ER, OBS and OP			YEAR 2017				
Zip	City	County	Total	Accum	%	Anthony	Harper
Overall Total Patients			15,599		1	7,239	8,360
67003	Anthony, KS	HARPER	6,605	0	0	5,122	1,483
67058	Harper, KS	HARPER	4333	70.1%	27.8%	612	3721
67009	Attica, KS	HARPER	1349	78.8%	8.6%	245	1104
67036	Danville, KS	HARPER	224	80.2%	1.4%	13	211
67018	Bluff City, KS	HARPER	214	81.6%	1.4%	192	22
67049	Freeport, KS	HARPER	99	82.2%	0.6%	56	43
67004	Argonia, KS	SUMNER	616	86.2%	3.9%	141	475

73758	Manchester, OK	GRANT	254	93.0%	1.6%	192	62

Specific CHNA roles, responsibility and project timelines are document by the following calendar.

<b>Hospital District No 6 / Harper Co KS Health Dept</b>			
<b>CHNA Wave #3 Project Timeline &amp; Roles 2018</b>			
<b>Step</b>	<b>Date</b>	<b>Lead</b>	<b>Task</b>
1	7/27/2018	VW	Request CHNA Wave #3 options - CFO Hospital District #6
2	7/30/2018	Hosp	Selected CHNA Option C. - Approval Email received from CFO
3	August 6/7,2018	Both	Conduct CHNA Kickoff Conference Call (Hospital / DOH leaders).
4	8/8/2018	VW	Send out REQCommInvite Excel file. Hospital client to fill in PSA key stakeholder names, addresses and e-mail addresses.
5	8/8/2018	VW	Request hospital client to complete zip counts (three year historical PSA IP / OP / ED / Clinic). Use ZipPSA_3yrPOrigin.xls Patient Origin file.
6	8/8/2018	VW	Request hospital client to send KHA Patient Origin reports for CCH to document service area for FFY 14, 15, 16 (KHA key).
7	On or before 8/13/18	VW	Prepare CHNA stakeholder feedback online link. Send text link for hospital client to review. Prepare draft e-mail push.
8	On or before 8/15/18	VW / Hosp	Prepare and send out PR story to local media announcing upcoming CHNA work / online survey for hospital client to place. Request public to participate.
9	8/17/2018	VW	Launch online survey to stakeholders. Hospital client will e-mail invite to participate to all stakeholders. Client will finalize Town Hall location / food.
10	September - October 2018	VW	Assemble and complete secondary research. Find and populate 10 TABS. Create Town Hall PowerPoint for presentation.
11	Friday 9/28/2018	VW / Hosp	Prepare / release PR story to local media announcing upcoming Town Hall. VW will mock up PR release.
12	Friday 10/5/2018	Hosp	Prepare and send out community Town Hall invite letter and place local advertisement.
13	On or before 10/9/18	All	Conduct Town Hall practice conference call with hospital client to review Town Hall data and flow.
14	Tuesday 10/30/18	VW	Conduct CHNA Town Hall from 5:30-7pm at Chaparral High School in Anthony KS. Review and discuss basic health data and rank health needs.
15	On or before 11/16/18	VW	Complete analysis. Release draft one and seek feedback from leaders at hospital client.
16	On or before 11/30/18	VW	Produce and release final CHNA report. Hospital client will post CHNA online.
17	On or before December 14, 2018	TBD	Conduct hospital client Implementation Plan meeting with PSA leadership.
18	30 days prior to end of hospital fiscal year	Hosp	Hold board meetings to discuss CHNA needs, create and adopt an Implementation Plan. Communicate CHNA plan to community.

To meet IRS aligned CHNA requirements and meet Public Health accreditation criteria stated earlier, a four-phase methodology was followed:

**Phase I—Discovery:**

Conduct a 30-minute conference call with the CHNA county health department and hospital clients. Review / confirm CHNA calendar of events, explain / coach clients to complete required participant database and schedule / organize all Phase II activities.

**Phase II—Qualify Community Need:**

A) Conduct secondary research to uncover the following historical community health status for the primary service area. Use Kansas Hospital Association (KHA), Vital Statistics, Robert Wood Harper County Health Rankings, etc. to document current state of county health organized as follows:

<b>TAB 1. Demographic Profile</b>
<b>TAB 2. Economic/Business Profile</b>
<b>TAB 3. Educational Profile</b>
<b>TAB 4. Maternal and Infant Health Profile</b>
<b>TAB 5. Hospitalization / Providers Profile</b>
<b>TAB 6. Behavioral Health Profile</b>
<b>TAB 7. Risk Indicators &amp; Factors</b>
<b>TAB 8. Uninsured Profile</b>
<b>TAB 9. Mortality Profile</b>
<b>TAB 10. Preventative Quality Measures</b>

B) Gather primary research (stakeholder feedback) to uncover public health needs, practices and perceptions for primary service areas.

**Phase III—Quantify Community Need:**

Conduct a 90-minute Town Hall meeting with required community primary service area residents. At each Town Hall meeting, CHNA secondary data will be reviewed, facilitated group discussion will occur and a group ranking activity to determine the most important community health needs was administered.

**Phase IV—Complete Data Analysis and Create Comprehensive Community Health Needs Assessment:**

Post CHNA report findings to meet both PHAB & IRS CHNA criteria.

After consideration of CHNA stakeholders (sponsoring county health department and hospital), the CHNA Option C was selected with the following project schedule:

Phase I: Discovery.....	July-August 2018
Phase II: Secondary / Primary Research.....	Sept-Oct 2018
Phase III: Town Hall Meeting.....	October 2018
Phase IV: Prepare / Release CHNA report.....	Nov-Dec 2018

**Detail CHNA Development Steps Include:**

<b>Development Steps to Create Comprehensive Community Health Needs Assessment</b>	
<b>Step # 1 Commitment</b>	<i>Determine interest level of area healthcare leaders (Hospital, Health Dept., Mental Health Centers, Schools, Churches, Physicians etc.), prepare project quote.</i>
<b>Step # 2 Planning</b>	<i>Prepare brief CHNA Project Work Calendar - list goals, objectives, purpose, outcome, roles, community involvement, etc. Hold Community Kick-off meeting.</i>
<b>Step # 3 Secondary Research</b>	<i>Collect &amp; Report Community Health Published Facts. Gather data health practice data from published secondary research sources i.e. census, county health records, behavioral risk factors surveillance, etc.</i>
<b>Step # 4a Primary Research - Town Hall prep</b>	<i>Collect Community Opinions. (Quantitative Research). Gather Stakeholders / Community opinions regarding community health needs and healthcare practices.</i>
<b>Step # 4b Primary Research - Conduct Town Hall</b>	<i>Conduct "Conversation with Community" Town Hall (Qualitative Research). Review Secondary &amp; Primary Data findings. Facilitate community conversation to build consensus; discuss opinions / identify health needs.</i>
<b>Steps # 5 Reporting</b>	<i>Prepare/Present comprehensive CHNA report (to community leaders), facilitate development of CHNA Implementation Plan (Actions to improve health). &lt; Note: Formal report will follow IRS Notice 2011-52 regs &amp; PHAB requirements. &gt;</i>
VVV Consultants, LLC Olathe, KS 913 302-7264	

## Overview of Town Hall Community Priority Setting Process

Each community has a wealth of expertise to be tapped for CHNA development. For this reason, a town hall is the perfect forum to gather community insight and provide an atmosphere to objectively consensus build and prioritize county health issues.

All Town Hall priority-setting and scoring processes involve the input of key stakeholders in attendance. Individuals and organizations attending the Town Halls were critically important to the success of the CHNA. The following list outlines partners invited to Town Hall: local hospital, public health community, mental health community, free clinics, community-based clinics, service providers, local residents, community leaders, opinion leaders, school leaders, business leaders, local government, faith-based organizations and persons (or organizations serving them), people with chronic conditions, uninsured community members, low income residents and minority groups.

Harper County Kansas (Hospital District #6 and Harper County Health Department) town hall was held on Tuesday, October 30<sup>th</sup>, 2018 at Chaparral High School in Anthony, KS. Vince Vandehaar facilitated this 1 ½ hour session with fifty-nine (59) attendees. (Note: a detail roster of Town Hall attendees is listed in Section V a).

The following Town Hall agenda was conducted:

1. Welcome & Introductions
2. Review Purpose for the CHNA Town Hall & Process Roles
3. Present / Review of Historical County Health Indicators (10 TABS)
4. Facilitate Town Hall participant discussion of data (probe health strengths / concerns). Reflect on size and seriousness of any health concerns cited and discuss current community health strengths.
5. Engage Town Hall participants to rank health needs (using 4 dots to cast votes on priority issues). Tally & rank top community health concerns cited.
6. Close meeting by reflecting on the health needs / community voting results. Inform participants on “next steps.”

At the end of each Town Hall session, VVV encouraged all community members to continue to contribute ideas to both hospital / health department leaders via e-mail or personal conversations. NOTE: To review detail Town Hall discussion content, please turn to Section V for detailed notes of session and activity card content reporting strengths & items to change or improve.

## Community Health Needs Assessment Town Hall Meeting Hospital District No 6 – Harper Co KS in partnership with Harper County Health Department

## Community Health Needs Assessment (CHNA) Town Hall Discussion Agenda

- I. Opening / Introductions (10 mins)
- II. Review CHNA Purpose and Process (10 mins)
- III. Review Current County “Health Status”
  - Secondary Data by 10 TAB Categories
  - Review Community Feedback Research (35 mins)
- IV. Collect Community Health Perspectives
  - Hold Community Voting Activity
  - Determine Most Important Health Areas (30 mins)
- v. Close / Next Steps (5 mins)

### I. Introduction:

Background and Experience

**Vince Vandehaar, MBA**  
VVV Consultants LLC - Principal Consultant  
Olathe, KS 913 302-7264

- > Professional Consulting Services: Strategic Planning, Marketing Management, Business Research & Development
- > Focus: Strategy, Research, Deployment
- > 25+ years of experience with Tillinghast, BCBSKC, Saint Luke's

**Adjunct Professor - Marketing / Health Admin, 31+ years**

- > Webster University
- > Rockhurst University
- > Avila University

**Becky Johnston, Collaborative Analyst**

### Town Hall Participation (You)

- ALL attendees welcome to share
  - Parking Lot
- There are no right or wrong answers
- Only one person speaks at a time
- Please give truthful responses
- Have a little fun along the way

## I. Introductions: A Conversation with the Community

Community members and organizations invited to CHNA Town Hall

**Consumers:** Uninsured/underinsured people, Members of at-risk populations, Parents, caregivers and other consumers of health care in the community, and Consumer advocates.

**Community leaders and groups:** The hospital organization's board members, Local clergy and congregational leaders, Presidents or chairs of civic or service clubs -- Chamber of Commerce, veterans' organizations, Lions, Rotary, etc., Representatives from businesses -- owners/CEO's of large businesses (local or large corporations with local branches.), Business people & merchants (e.g., who sell tobacco, alcohol, or other drugs), Representatives from organized labor, Political, appointed and elected officials, Foundations, United Way organizations. And other "community leaders."

**Public and other organizations:** Public health officials, Directors or staff of health and human service organizations, City/Community planners and development officials, Individuals with business and economic development experience, Welfare and social service agency staff, Housing advocates - administrators of housing programs: homeless shelters, low-income-family housing and senior housing, Education officials and staff - school superintendents, principals and teachers, Public safety officials, Staff from state and area agencies on aging, Law enforcement agencies - Chiefs of police, Local colleges and universities, Coalitions working on health or other issues.

**Other providers:** Physicians, Leaders in other not-for-profit health care organizations, such as hospitals, clinics, nursing homes and home-based and community-based services, Leaders from Catholic Charities and other faith-based service providers, Mental health providers, Oral health providers, Health insurers, Parish and congregational nursing programs, Other health professionals

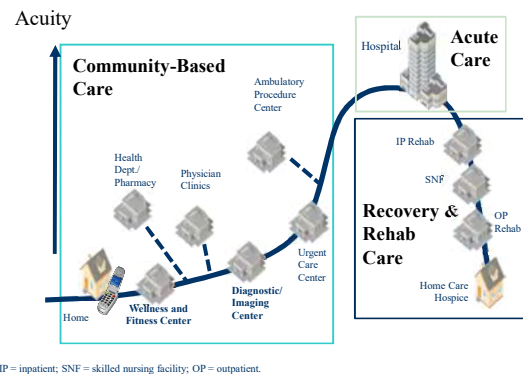

## II. Review CHNA Definition

- A Community Health Needs Assessment (CHNA) is a **systematic collection, assembly, analysis, and dissemination of information about the health of the community.** (NOTE: Some the data has already been collected / published by Local, State and Federal public health organizations. Some data will be collected today.)
- A CHNA's role is to identify **factors** that affect the health of a population and **determine the availability of resources** to adequately address those factors.

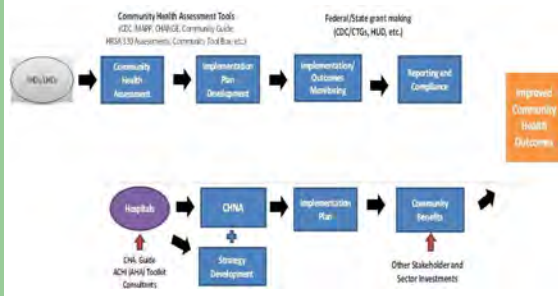

## Purpose—Why Conduct a CHNA?

- To determine health-related trends and issues of the community
- To understand / evaluate health delivery programs in place.
- To meet Federal requirements – both local hospital and health department
- To develop strategies to address unmet health needs (4-6 weeks after Town Hall)

## Future System of Care—Sg2

## Community Health Needs Assessment Joint Process: Hospital & Local Health Department

## II. IRS Hospital CHNA Written Report Documentation

- a description of the community served
- a description of the CHNA process
- the identity of any and all organizations and third parties which collaborated to assist with the CHNA
- a description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications
- a **prioritized description of all of the community needs identified by the CHNA** and
- a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA

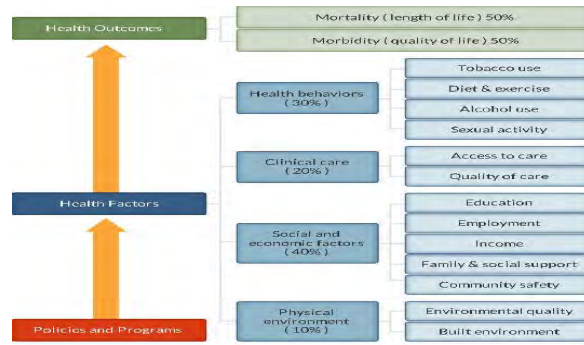

## III. Review Current County Health Status: Secondary Data by 10 Tab Categories & IA State Rankings

Trends: **Good** **Same** **Poor**

TAB 1. Demographic Profile
TAB 2. Economic/Business Profile
TAB 3. Educational Profile
TAB 4. Maternal and Infant Health Profile
TAB 5. Hospitalization / Providers Profile
TAB 6. Behavioral Health Profile
TAB 7. Risk Indicators & Factors
TAB 8. Uninsured Profile
TAB 9. Mortality Profile
TAB 10. Preventative Quality Measures

## County Health Rankings -

### III. Community Health Status

#### a) Historical Health Statistics- Secondary Research

#### Health Status Profile

This section of the CHNA reviews published quantitative community health indicators from public health sources and results of community primary research. To produce this profile, VVV Consultants LLC staff analyzed & trended data from multiple sources. This analysis focuses on a set of published health indicators organized by ten areas of focus (10 TABS), results from the 2018 RMJ County Health Rankings and conversations from Town Hall participates. Each table published reflects a Trend column, with GREEN denoting growing/high performance indicators, YELLOW denoting minimal change/average performance indicators and RED denoting declining/low performance indicators.

Note: The Robert Wood Johnson Foundation collaborates with the University of Wisconsin Population Health Institute to release annual *County Health Rankings*. As seen below, RWJ’s model use a number of health factors to rank each county.>

County Health Rankings model ©2012 UWPHI

## National Research – Year 2018 RWJ Health Rankings:

#	KS Rankings - 105 Counties	Definitions	Harper Co KS	TREND	KS SC/SW Rural Norm
1	Health Outcomes		95		76
2	Mortality	Length of Life	97		75
3	Morbidity	Quality of Life	82		70
4	Health Factors		88		74
5	Health Behaviors	Tobacco Use, Diet/Exercise, Alcohol Use, Sexual Activity	89		67
6	Clinical Care	Access to care / Quality of Care	86		61
7	Social & Economic Factors	Education, Employment, Income, Family/Social support, Community Safety	72		74
8	Physical Environment	Environmental quality	87		67
Kansas SC/SW Norm (N=12) includes the following counties: Cowley, Sumner, Kingman, Pratt, Harvey, Reno, McPherson, Butler, Montgomery, Labette, Neosho, Bourbon. <a href="http://www.countyhealthrankings.org">http://www.countyhealthrankings.org</a> , released 2018					

## PSA Secondary Research:

When studying community health, it's important to document health data by topical areas for primary service area (PSA). Below is a summary of key findings organized by subject area.

### TAB 1 Demographic Profile

Understanding population and household make-up is vital to start CHNA evaluation.

Tab	Health Indicator	Harper Co KS	Trend	KS	KS SC/SW Rural Norm	Source
1a	a Population estimates, July 1, 2017, (V2017)	5,590		2,913,123	14,025	People Quick Facts
	b Population, percent change - April 1, 2010 (estimates base) to July 1, 2017, (V2017)	-7.4%		2.1%	-6.4%	People Quick Facts
	c Population per square mile, 2010	7.5		34.9	19.9	Geography Quick Facts
	d Persons under 5 years, percent, July 1, 2017, (V2017)	6.9%		6.7%	5.9%	People Quick Facts
	e Persons 65 years and over, percent, July 1, 2017, (V2017)	22.1%		15.0%	21.3%	People Quick Facts
	f Female persons, percent, July 1, 2017, (V2017)	49.7%		50.2%	50.1%	People Quick Facts
	g White alone, percent, July 1, 2017, (V2017)	95.7%		86.6%	92.7%	People Quick Facts
	h Black or African American alone, percent, July 1, 2017, (V2017)	0.6%		6.2%	1.6%	People Quick Facts
	i Hispanic or Latino, percent, July 1, 2017, (V2017)	6.2%		11.6%	6.2%	People Quick Facts
	j Foreign born persons, percent, 2012-2016	1.8%		6.9%	2.3%	People Quick Facts
	k Language other than English spoken at home, percent of persons age 5 years+, 2012-2016	5.8%		11.3%	4.8%	People Quick Facts
	l Living in same house 1 year ago, percent of persons age 1 year+, 2012-2016	90.5%		83.5%	86.7%	People Quick Facts
	m Children in single-parent households, percent, 2012-2016	28.0%		29.0%	28.2%	County Health Rankings
	n Total Veterans, 2012-2016	363		192,340	1,028	People Quick Facts

### TAB 2 Economic Profile

Monetary resources will (at times) drive health “access” and self-care.

Tab	Health Indicator	Harper Co KS	Trend	KS	KS SC/SW Rural Norm	Source
2	a Per capita income in past 12 months (in 2016 dollars), 2012-2016	\$25,944		\$28,478	\$24,216	People Quick Facts
	b Persons in poverty, percent	14.6%		12.1%	14.7%	People Quick Facts
	c Total Housing units, July 1, 2017, (V2017)	3,172		1,273,742	6,096	People Quick Facts
	d Total Persons per household, 2012-2016	2.36		2.53	2.37	People Quick Facts
	e Severe housing problems, percent, 2010-2014	15.0%		14.0%	12.2%	County Health Rankings
	f Total of All firms, 2012	905		239,118	1,222	Business Quick Facts
	g Unemployment, percent, 2016	3.9%		4.2%	4.7%	County Health Rankings
	h Food insecurity, percent, 2015	13.0%		13.0%	14.0%	County Health Rankings
	i Limited access to healthy foods, percent, 2015	7.0%		8.0%	15.6%	County Health Rankings
	j Long commute - driving alone, percent, 2012-2016	18.0%		20.0%	24.8%	County Health Rankings

### TAB 3 Schools Health Delivery Profile

Currently, school districts are providing on-site primary health screenings and basic care.

Tab	Health Indicator	Harper Co KS	Trend	KS	KS SC/SW Rural Norm	Source
3	a Children eligible for free or reduced price lunch, percent, 2015-2016	61.0%		49.0%	55.8%	County Health Rankings
	b High school graduate or higher, percent of persons age 25 years+, 2012-2016	89.4%		90.3%	90.0%	People Quick Facts
	c Bachelor's degree or higher, percent of persons age 25 years+, 2012-2016	19.7%		31.6%	20.4%	People Quick Facts

Data obtained from Harper Schools

#	2018 School Health Indicators	USD #361
1	Total # Public School Nurses	1 RN / 2 Para's - Non Licensed
2	School Nurse is part of the IEP team	Yes
3	School Wellness Plan in place (Active)	Yes
4	VISION: # Screened / Referred to Prof / Seen by Professional	696 / 58 / NA
5	HEARING: # Screened / Referred to Prof / Seen by Professional	560 / 10 / NA

## Harper County Hospital #6 Town Hall Meeting

October 30, 2018

N=64

Expectant mothers go to Wichita for new born deliveries.

Participants voiced concern with opioids along with meth, marijuana, heroin & Xanax issues.

Alcohol abuse is an issue.

Having auto accidents more frequently than should.

Participants questioned the number representing access to exercise facilities/wellness centers (TAB 10); wellness centers are available and affordable in both Harper and Anthony.

No surprises regarding the top 6 needs listed in last community health assessment.

There are 2 pharmacies in Harper county.

There is a school nurse and she participated in the town hall.

Flagging error on Nursing Home rating (*How would you currently rate....*); flagged as RED on slide, but should be yellow.

Participants did not believe that anything is happening in the community that will impact the health of the community.

### **Strengths:**

- Employment opportunities; economically well-off.
- Access to primary care, vision care and dentistry.
- Kid-friendly activities that engage the children.
- 2 hospitals
- Transition to career program and the ability to retain the youth in the community.
- Wellness center and programming
- New police and law enforcement to address drug issue
- Collaboration between school and providers
- Up-to-date technology in the medical facility
- Health fair
- Both hospitals do an excellent job in training staff
- Pharmacy in both communities
- Community foundation
- Harper hospital has a senior behavioral health and cardiac pulmonary
- New model for healthcare with new hospital

**Improve/Change:**

- Follow-up care
- Healthcare transportation with emphasis on mental health
- Family planning education
- Additional specialists
  - EMT
  - Nephrology
  - Endocrinology
  - Dermatology
  - Pulmonology
  - Ortho
  - Pediatrics
- Retention of youth
- Food insecurity
- Alcohol abuse - emphasis on teens
- Drug abuse
- Improve healthy behaviors of residence
- Teenage drinking
- Affordable mental health – diagnosis, treatment, etc.,
- Poverty
- Housing
- Transportation – emphasis on mental health
- Mental health
- EMS

## c) Public Notice & Requests

[VVV Consultants LLC]

# Work to Begin on Harper County (KS) Community Health Needs Assessment; Seek Public Feedback

**Media Release:** August 28, 2018

**Contact:**

Over the next three months, Hospital District No 6 and the Harper County Health Department will be working to update the Harper County (KS) Community Health Needs Assessment (CHNA).

The goal of this CHNA update is to understand progress in addressing community health needs cited in the 2015 CHNA report and to collect up-to-date community health perceptions. <Note: ACA legislation requires all tax-exempt hospitals to submit a CHNA to the IRS every three years.>

**To accomplish this work, a short online survey has been developed.** < Note: you can also find CHNA feedback link on Hospital District No 6 and/or the Harper County Health Department website and/or Facebook page.>

**LINK:** [https://www.surveymonkey.com/r/HarperCo\\_CHNA](https://www.surveymonkey.com/r/HarperCo_CHNA)

“This work is vital to determine the health direction for our county,” said Pat Patton, Hospital District #6 CEO.

All community residents are encouraged to complete the CHNA online survey by **Wednesday, October 3, 2018** and to attend the upcoming scheduled **Town Hall on Tuesday October 30** from 5:30-7pm at Chaparral High School.

Vince Vandelaar, MBA (VVV Consultants LLC, an independent research firm from Olathe, KS) has been retained to conduct this community wide research. If you have any questions about CHNA activities, please call 620-842-5111 ext. 114.

## E Mail Reminder

**Subject: CHNA Town Hall - Tuesday October 30<sup>th</sup>  
Harper County KS residents  
5:30 -7p.m.**

To Community Leaders:

Hospital District No 6 and the Harper County Health Department are partnering together to update the 2018 Harper County Community Health Needs Assessment (CHNA) report. The goal of work is to understand progress in addressing community health needs cited in the 2015 report and to discuss current community health priorities.

To continue this work, a Harper County **Town Hall will be held on Tuesday, October 30<sup>th</sup> from 5:30-7p.m. at Chaparral High School, Anthony KS**

Please plan to attend in order to share your insights. A light dinner will be provided starting at 5:15 pm

Vince Vandehaar, principal consultant at VVV Consultants LLC from Olathe, Kansas, has been hired to facilitate this meeting. Thank you.

For more information contact: Lori Allen or Sherry Vierthaler.

# Community Health Needs Assessment

## Harper County, KS Community Town Hall Meeting

District Hospital #6 and Harper County Health Department  
will be hosting a  
Town Hall Meeting on October 30<sup>th</sup>, 2018  
from 5:30 to 7:00 p.m.  
at Chaparral High School

Public is invited to attend.  
A light dinner will be provided  
Please join us to add to community conversation.

**In addition, a short online survey has been developed.**  
**[LINK: https://www.surveymonkey.com/r/HarperCo\\_CHNA](https://www.surveymonkey.com/r/HarperCo_CHNA)**

You can also find CHNA feedback survey link on Hospital District #6 or  
Harper County Health Dept. website and/or Facebook

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	In your opinion, are there any healthcare services or delivery issues that you feel need to be improved, worked on and / or changed?
1035	67009	Average	Decreasing - slipping downward	ACC			Need to expand services. We need dialysis, chemo. Labor and delivery services as a start
1064	67058	Poor	Not really changing much	ACC	STFF		Patient Access to Care , hard to get appointments, nurses are not compassionate. addiction counseling, healthy role modeling for parents, husbands & wives, spiritual life enhancement
1114	67003	Very Good	Decreasing - slipping downward	ADD			Addiction support
1221		Average	Increasing - moving up	ADD			Age related services since that 80% of the population is over 65.
1082	67003	Average	Not really changing much	AGE			aging in place, alternatives to aging in place, financial preparedness for aging.
1024	67003	Good	Increasing - moving up	AGE			Farmers use a lot of chemicals and this gets blown into the air and into our water. More education or studies on that could benefit with more information
1132	67003	Average	Increasing - moving up	AIR			Alcohol rehabilitation, prevention and wellness.
1005	67003	Average	Increasing - moving up	ALC	PREV		Health related factors...drinking habits among adults.
1010	67003	Good	Increasing - moving up	ALC			improvement can be seen in every department. Nothing is perfect, everyone just needs to work on being better every day
1143	67058	Very Good	Not really changing much	ALL			Ambulance arrival times--and not having enough staff for emergency runs. Why do the three towns have to take turns to send out an ambulance, just doesn't make good sense for patients and receiving timely emergency assistance.
1131	67058	Average	Decreasing - slipping downward	AMB			Ambulance Service
1070	67058	Average	Not really changing much	AMB			Ambulance service Dialysis
1049		Average	Not really changing much	AMB	DIA		Better ambulance service for the county and services to help the people in this county to figure out how to get affordable health insurance..
1159		Average	Not really changing much	AMB	INSU		I BELIEVE THERE IS A REAL SHORTAGE IN OUR AMBULANCE SERVICE DUE TO COUNTY CUTS. THEY DO A GOOD JOB, JUST NOT ENOUGH OF THEM
1135	67003	Average	Increasing - moving up	AMB			Reliable ambulance services.
1185	67003	Average	Not really changing much	AMB			Have access to QUALIFIED behavioral health providers in our county; Have access to QUALITY outpatient behavioral health services in our county; In county youth wellness / fitness facilities (indoor recreation center); Drastically improve the availability of healthy foods in grocery stores and restaurants.
1025	67003	Good	Increasing - moving up	BH	OP	NUTR	I think mental health care in our county isn't very good. I would also like to see more services added like radiation, etc.
1094	67003	Poor	Decreasing - slipping downward	BH	RAD		Medical care is adequate, but services to support mental health, and addiction are poor. Only one service provider and a lot of staff turnover.
1141	67003	Average	Increasing - moving up	BH	ADD		mental health Cancer treatment (Chemo) locally available
1178	67058	Very Good	Increasing - moving up	BH	CANC		Mental health and substance abuse seems to be prominent in this area
1003		Good		BH	DRUG		Mental Health can always be improved for services for the community place people can go for help with addictions as well.
1228	67003	Average	Not really changing much	BH			Mental health care needs to be more accessible, the public needs a lot more education about mental health issues especially in the rural environment.
1162	67058	Average	Decreasing - slipping downward	BH			Mental health for all ages-not enough resources / options to properly address this issue
1119	67003	Poor	Not really changing much	BH			Mental Health for children/families
1235	67003	Good	Increasing - moving up	BH			mental health is a category that is lacking in Harper County
1197	67058	Good	Increasing - moving up	BH			Mental health issues, especially for the younger population are not addressed. There needs to be a form of intervention that the young people of this county can access easily and confidentially.
1189		Average	Decreasing - slipping downward	BH			Mental health needs and substance abuse
1121	67058	Average		BH			Mental health needs to be worked on more. Wellness centers are working on eating habits which is good.
1165	67058	Good	Not really changing much	BH	NUTR		Mental health resources are in short supply.
1085		Average	Not really changing much	BH			Mental health services should be provided
1120	67058	Average	Not really changing much	BH			Mental Health, drug and alcohol abuse
1144	67003	Average	Not really changing much	BH	DRUG	ALC	need better mental health, And Stuff we can access locally and not have to go to a city some where for certain stuff.
1068	67003	Average	Decreasing - slipping downward	BH			Need resources for mental health and home health
1087	67003	Average	Not really changing much	BH	HH		Needs to be better mental health care...
1059	67036	Poor	Not really changing much	BH			The mental health aspect needs more attention
1012	67003	Very Good	Increasing - moving up	BH			Yes! When there is a mental unstable person, there needs to a service to transport them to Larned,or where needed.
1103	67003	Good	Not really changing much	BH	TRAN		yes, mental health;
1172	67003	Very Good	Increasing - moving up	BH			In your opinion, are there any healthcare services or delivery issues that you feel need to be improved, worked on and / or changed?
1161	67058	Good	Decreasing - slipping downward	CANC			Cancer seems to be on the rise and a large amount of people have autoimmune problems
1173	67058	Good	Increasing - moving up	CANC			Cancer Support Groups
1225	67003	Average	Increasing - moving up	CANC	CHRON		There is a HUGE need in this community for change. Mortality rate for cancer and chronic illness in the past 2 years has increased substantially.

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	In your opinion, are there any healthcare services or delivery issues that you feel need to be improved, worked on and / or changed?
1035	67009	Average	Decreasing - slipping downward	ACC			Need to expand services. We need dialysis, chemo. Labor and delivery services as a start
1195	67058	Average	Not really changing much	CHRON	DIAB	CARD	Chronic disease education such as Diabetes, Hypertension, COPD, Cardiovascular disease
1002		Average	Decreasing - slipping downward	CLIN			An walk-in urgent care clinic, for those times when appointments are not available through the regular clinic.
1155	67058	Average	Decreasing - slipping downward	CLIN	EMER		Evening or week-end hours for clinic to be open so ER can be open or actual emergencies.
1215	67058	Average	Decreasing - slipping downward	CLIN			Walking clinic
1179	67003	Good	Not really changing much	COMM	NUTR		We have resources available for much of the health needs here in our community. They are not utilized or communicated well. For example, we have a dietician that comes to our campus, our providers will set up appointments with her for patients. Much of the patients will no show the appointments. It is the follow through with services that is the problem.
1078	67003	Good	Not really changing much	COMM	SPEC		Communication with and training from specialists and/or other hospitals to which our ERs or office staff tends to send patients. The other facilities don't ever seem quite happy with work done for patients (or not done) before they arrive at the other facilities.
1045	67058	Good	Increasing - moving up	DERM			access to a visiting dermatologist
1090	67003	Average	Not really changing much	DERM			visiting Dermatologist at the Harper and Anthony hospitals
1130	67003	Good	Not really changing much	DIAB			need to be better diabetic teaching
1212	67003	Good	Increasing - moving up	DOCS			MENS HEALTH
1137	67058	Very Good	Increasing - moving up	DOCS			more doctors
1138	67142	Very Good	Not really changing much	DOCS	OBG		Most of our De.s are geriatric. Nothing for younger people. And I hate the OB she is always late and undependable.
1111	67003	Average	Increasing - moving up	DOCS			Must recruit quality Drs not just PAs without doctors the new hospital is doomed to failure.
1247	67003	Poor	Decreasing - slipping downward	DOCS			We need medical doctors here in the community.
1017		Good	Increasing - moving up	DRUG	ALC		Drug and alcohol abuse
1128		Good	Decreasing - slipping downward	DRUG	ALC		Drug and alcohol abuse is rampant in our community. Maybe more education and/or job training would help.
1021	67003	Poor	Not really changing much	DRUG	ALC	BH	Drug and alcohol treatment; mental health
1069	67003	Average	Not really changing much	DRUG	EMS		Drug problem: Is this a Health issue or a Law Enforcement issue? The EMT service is not good!
1239		Good	Not really changing much	DRUG	ALC		drug/alcohol treatment resources.
1146	67003	Poor	Not really changing much	DRUG			How do we work towards getting those addicted to substances help?
1199	67003	Good	Increasing - moving up	DRUG			I feel substance abuse is getting worse and small rural communities have very limited resources
1074	67118	Good	Increasing - moving up	DRUG			Illegal Drug use needs to be stopped. Traffic fatalities need to be prevented
1207	67058	Good	Not really changing much	DRUG			Some how we have to get control of the drug problem in the county by developing possibly a drug rehab inpatient facility
1214	67058	Average	Not really changing much	DRUG	POV		substance abuse/poverty
1060		Very Good	Increasing - moving up	EMER			Fast reliable Em's service
1115	67003	Average	Not really changing much	EMER	NEG		YES SEE ABOVE!!!! ALSO AN INCIDENT TOOK PLACE AUGUST 25,2018 Harper Hospital ER The door was locked and someone in severe chest pain was ringing the doorbell many times and could not get assistance and eventually was hanging on the door still with chest pain and in tears. no wheel chair or gurney was finally brought to the door when a SLOW nurse finally answered. The heart monitor was not placed on the person. That is NEGLECT!
1095	67003	Good	Not really changing much	EMS	DRUG		development of more efficient EMS service & serious concentration on eradicating illegal drug presence in county
1152	67058	Good	Not really changing much	EMS			Emergency medical assistance (prior to emergency room care) needs to be improved
1023	67003	Average	Increasing - moving up	EMS	SPEC		EMS & Specialty Physicians
1244	67058	Good	Increasing - moving up	EMS			EMS response and availability to rural parts of County
1227	67003	Good	Not really changing much	EMS	PRIM		EMS services, importance of well man and well woman checks
1124	67003	Average	Decreasing - slipping downward	EMS			Transportation by EMS, the hospital should take that service over. I believe for the citizens of Harper County it would be beneficial for it to be ran by a medical facility.
1126		Average	Not really changing much	EMS	BH		EMS service and mental health services.
1170	67058	Poor	Decreasing - slipping downward	EMS	STFF		EMS services need to be more consistant..more reliable due to inadequate staffing, other services have had to be utilized.
1205	67003	Poor	Not really changing much	EMT			Need to keep good EMT's and Doctor's and Nurse's
1177	67106	Very Good	Increasing - moving up	FAC	TRAN		With the new facility being out of town, patient access to transportation for appointments will be a problem for the elderly and mental health patients.
1029	67003	Average	Increasing - moving up	FINA	INSU		Cost of healthcare, as well as increasing cost of insurance, rising co-payments, rising deductibles. Is there any way to offer clinics? Free or inexpensive classes or even events geared toward serving our lower income population.

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	In your opinion, are there any healthcare services or delivery issues that you feel need to be improved, worked on and / or changed?
1035	67009	Average	Decreasing - slipping downward	ACC			Need to expand services. We need dialysis, chemo. Labor and delivery services as a start
1039	67003	Average	Decreasing - slipping downward	FIT	NUTR		health and wellness, exercise programs plus yoga and tai chi, nutrition and healthy food
1223	67058	Average	Decreasing - slipping downward	FIT	PHY	AGE	I think there is always room for health and fitness. I believe physical therapy and cardiac rehabilitation centers are very much needed. Healthcare Doctors for nursing homes and senior retirement homes as well as swing-bed opportunities are all needed. Mental health, depression and addiction services will always be needed.
1066	67058	Good	Decreasing - slipping downward	FIT	DIAB	OBES	Pt education class - diabetes, weight loss,
1112	67003	Very Good	Increasing - moving up	HH	DOCS		Home Health , Need more MD's.
1100	67003	Good	Not really changing much	HH			Home health care
1076	67003	Poor	Increasing - moving up	HH			home health services
1127		Average	Decreasing - slipping downward	HOSP	EMS		Hospital & EMS need to be mutually supportive and work together as a team.
1136	67003	Good	Increasing - moving up	HOSP			I am not sure that a new hospital in the country was the best idea. I see a lot of hard feelings between the 2 cities that is not being dealt with and it will just continue to be that way with no change in site.
1232	67058	Good	Decreasing - slipping downward	HOSP	AMB	TRAV	My previous answer kind of touches on this. I am really glad that the hospitals are consolidated. My concern is how will some people be able to get out to the new place. The ambulance service needs to change. There should be ambulances servicing each town. If you need an ambulance in Anthony and it is in Attica and you have a critical care patient, you have just lost at least 20 minutes of time to travel. That is not good at all.
1033	67003	Good	Increasing - moving up	HOSP			They are doing OK for a Rural setting. There will be a lot more opportunities with the new hospital going forward.
1013	67058	Average	Not really changing much	HOSP	ACC		They new hospital and the services that it will offer will help make health care in Harper County much better.
1105	67003	Good	Increasing - moving up	MRKT			There is not enough awareness of the services available, and the quality of dr we have to provide those services is not very good.
1198	67058	Good	Not really changing much	NO			Again have not been here long enough to know
1004	67003	Good	Increasing - moving up	NO			How can you change years of bad habits?
1171	67003	Good	Not really changing much	NO			I like it
1123	67058	Average	Decreasing - slipping downward	NO			no
1242		Poor	Increasing - moving up	NO			NO
1054	67009	Average	Decreasing - slipping downward	NO			no specifics at this time
1001		Good	Increasing - moving up	NO			No, I do not.
1118	67058	Average	Decreasing - slipping downward	NO			none
1055		Good	Increasing - moving up	NO			Not really
1160	67058	Good	Increasing - moving up	NURSE			The hospital should have adequate nursing staff that could take care of slightly sicker patients. That would allow more residents stay close to home with an acute illness plus bring in revenue for the hospital. Wound care needs to be available.
1018	67003	Good	Not really changing much	NUTR	ALC	AGE	Everything can always be improved. More awareness of good eating & drinking habits as well as exercise. Programs for shut-ins to remain active. Ways to keep the declining elderly active socially & physically. Start in the schools and show students what are good health care practices.
1209	67068	Good	Increasing - moving up	NUTR	DIA		Meals on wheels in Anthony needs a major upgrade. Would like to see dialysis and chemo available.
1174		Poor	Not really changing much	NUTR			Need help with eating habits
1230	67003	Average	Increasing - moving up	OBG			access to more specialists (i.e. podiatry, dermatology, another OB/GYN)
1097	67003	Good	Decreasing - slipping downward	OBG	OP		Deliver babies Set broken bones Outpatient surgeries
1081		Good	Not really changing much	OBG			Need to have OB services in Harper County
1196	67058	Good	Increasing - moving up	OBG			we need to be delivering babies
1243	67003	Good	Not really changing much	PEDS			Pediatrics-it seems that with any complexity beyond a cold we need to see a specialist or be transferred to Wichita. I would love to see Harper County have a more focused pediatric team.
1148	67003	Good	Increasing - moving up	POV			The poor and their lack of care because of money.
1145	67058	Good	Increasing - moving up	POV	DRUG		We need to look at resources to buffer the poverty level and to prevent/treat substance abuse.
1203	67058	Average	Not really changing much	PREV	NUTR	ACC	greater focus on prevention, access to healthy foods, expanded services such as chemo, dialysis, mental health, recruitment of physicians
1193	67003	Average	Not really changing much	PREV	NUTR		Need more wellness care, preventative care instead of just treating illness. Need to teach society how to become healthier
1091	67003	Very Good	Increasing - moving up	PREV	DRUG	ALC	Prevention/Drug and Alcohol rehab and services
1222	67003	Average	Decreasing - slipping downward	PRIM	WAIT		Availability to get an appointment at Anthony Primary Care. Would like to see them schedule appointments early morning like Harper does. I do feel at times I have to wait extra long to even get taken to a room. If the parking lot or waiting room was full I'd understand but most times it is not. Do not feel as though the patient come first.

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	In your opinion, are there any healthcare services or delivery issues that you feel need to be improved, worked on and / or changed?
1035	67009	Average	Decreasing - slipping downward	ACC			Need to expand services. We need dialysis, chemo. Labor and delivery services as a start
1164	67110	Average	Increasing - moving up	PRIM			We need to look into direct primary care provided by the employers
1052	67018	Poor	Not really changing much	QUAL	BH	AGE	I believe the Dr office needs to be more professional and receptionist and nurses shouldn't be joking around and talking about the patient with mental health issues while they are still in hearing distance. Also just because you are not 80 years old don't think the patient can't have an illness which causes extreme pain and not everyone is a drug seeker as they put in the charts
1202	67003	Good	Increasing - moving up	QUAL			I feel there needs to be more time with patients, but I feel providers need to see more patients between hours and earlier in the day.
1065	67058	Very Poor	Decreasing - slipping downward	QUAL			I have had need or and used numerous medical facilities in the last decade, but I only go to the local hospital for simple things. I have taken my family to the local hospital on 2 previous occasions for broken bones and had them diagnosed by the local physician as not broken, only to be called the next day and be told that when a radiologist in Wichita was consulted they they said the bones are, in fact, broken. How can I trust the medical knowledge of the staff after those incidents?
1042	67003	Good	Not really changing much	QUAL			I have recently changed my health care to Integris because I have been so unhappy with the care at the Anthony Medical Center. Just not a personal concern for my problems, just another number!
1048	67003	Very Good	Increasing - moving up	QUAL			No...not in my experience. I have always had the best care. I think things are only going to get better in the future.
1166	67068	Good	Increasing - moving up	QUAL			Some providers aren't in a rush or act quickly to help patients get resources, there are times it takes way longer than it should to get them the care they need.
1056	67003	Very Good	Increasing - moving up	QUAL			The services provided, such as a test that can be ran above just an X-Ray.
1044	67003	Good	Increasing - moving up	SEX	KID		Addressing the health of young kids more than just one or two days a year at school would be an improvement. Give the sex talk, puberty, and even mental health concerns would be welcomed in the classrooms.
1153	67058	Poor	Decreasing - slipping downward	SMOK	NUTR	BH	health related factors- smoking, eating drinking. Mental health and drug abuse.
1167	67156	Average	Increasing - moving up	SMOK	ALC	NUTR	More assistance to patients in quitting smoking or drinking and better education/care models to assist in improving diet and exercise
1184		Good	Not really changing much	SMOK	ALC	OBES	Patient access to care is being addressed and we need to add more programs for smoking cessation drinking habits and for the overweight.
1007	67003	Good	Increasing - moving up	SMOK	NUTR	ALC	smoking, eating and drinking
1015	67058	Good	Increasing - moving up	SPEC			Increase number of visiting specialists.
1210	67003	Good	Increasing - moving up	SPEC			More specialist
1175	67058	Average	Decreasing - slipping downward	SPEC			more specialty options.
1206	67003	Good	Increasing - moving up	SS	BH	ADD	social services for mental health, addictions
1150	67112	Average	Decreasing - slipping downward	STD	OBES	CHRON	The previous haven't really changed. We still have high STD rates, obesity, chronic health issues along with high drug use. We also have more chronic mental health in adults and increased in teens.
1037	67058	Good	Not really changing much	SURG			More surgery
1147	67003	Good	Increasing - moving up	TRAN			I don't know personally, but I have heard others complain of transportation to and from appointments, as well as enough ambulance available for our county.
1067	67058	Poor	Decreasing - slipping downward	TRAN			There needs to be a service to drive people to Larned, Horizons, etc. Also need better availability to dietary consults.
1180	67058	Good	Not really changing much	WAIT			wait time at doctor appointment and an the amount of time you set in lobby waiting on dr
1009	67058	Average	Increasing - moving up	WELL			A vocational directive in our education system added to present education efforts, could raise skill levels thus better incomes and bringing about more pride in providing for dependents and thus better self images and improvement in our citizen's vision and attitude for their future, eliminating need for unhealthy immediate gratifications.
1183	67003	Average	Increasing - moving up	WELL			Community classes and events that draw people in to learn and participate in maintaining their own good health are ideal. They need to be convenient and be attractive to different groups within our community.
1008	52246	Poor	Not really changing much	WELL			improve a vocational directive in our education system, in addition to our current educational efforts, to raise the workplace skills of more of our citizens that they might raise their standard of living resulting in more satisfaction of accomplishment in providing for their dependents, thus improving self image allowing for more positive vision and hope for their futures and eliminating their perceived need for unhealthy immediate gratifications.
1224	67003	Average	Decreasing - slipping downward	WELL	STFF		More education from providers during visits. More participation and involvement from hospital staff, reflective and encouraging for members of the community to know they can expect to experience great care.
1022		Average		WELL			Would like to see more community based education

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	What "new" community health programs should be created to meet current community health needs? Can we partner somehow with others?
1042	67003	Good	Not really changing much	AGE	ALZ		Look into a Rehab center and/or improving our Care centers for the elderly , using the soon to be vacated hospitals . Also possibly expanding into more services for Alzheimer care .
1165	67058	Good	Not really changing much	AGE	DRUG		Getting the elderly to their appointments. We have a large drug problem, but no one is offering any education or help.
1241	67058	Good	Not really changing much	AGE	DRUG		Elder care/ Aging in Place. Drug/alcohol treatment
1222	67003	Average	Decreasing - slipping downward	ALC	DRUG		new solutions for alcohol/substance abuse.
1008	52246	Poor	Not really changing much	ALC			Alcohol abuse
1081		Good	Not really changing much	AMB			Ambulance location should not be moved around the county. Would be better to be located in one area- centrally located.
1162	67058	Average	Decreasing - slipping downward	AMB			ambulance service need fixed
1229	67003	Very Good	Increasing - moving up	BH	ADD		mental health, addiction and indigent care problems.
1132	67003	Average	Increasing - moving up	BH	AMB		Mental Health, Ambulance in every town because that is something tax payers want to pay for and should be a top priority.
1095	67003	Good	Not really changing much	BH	DRUG	ALC	Need better resources/treatment options for mental health and drug/alcohol abuse
1153	67058	Poor	Decreasing - slipping downward	BH	DRUG	ALC	Mental health, other than a Sponsor who has many other people to help. When we have so many DUI and Drug problems, where is a
1005	67003	Average	Increasing - moving up	BH	DRUG	TRAN	Increased access to mental health and substance abuse treatment, or better transportation to receive that treatment.
1130	67003	Good	Not really changing much	BH	DRUG		Our community has a mental health and substance abuse problem. There are limited resources for mental health and substance abuse assessments. There is little to no advocacy for families seeking assistance in treatment. Very little advocacy for prevention of underage drug use.
1147	67003	Good	Increasing - moving up	BH	DRUG		More options for Mental Health and substance abuse.
1157	67235	Good	Not really changing much	BH	DRUG		1) access to mental health- large need, many without transportation outside of this community. 2) access to substance abuse treatment
1232	67058	Good	Decreasing - slipping downward	BH	DRUG		mental health and substance abuse options
1007	67003	Good	Increasing - moving up	BH			A program to help providers support bi polar people without enabling them.
1141	67003	Average	Increasing - moving up	BH			We have poor, metal health people that fall through the cracks. People that their needs are not being meet because of no family members caring or not around. How can we address their needs and which services can we use to provide for their needs in a respectful way.
1166	67068	Good	Increasing - moving up	BH			We need a better partnership with Horizons Mental Health Center.
1123	67058	Average	Decreasing - slipping downward	CANC	ADD		cancer survivors & caregivers, Stephen Ministry, addiction counseling, Celebrate Recovery
1031	67003	Average	Not really changing much	CANC			cancer care/treatment
1180	67058	Good	Not really changing much	CANC			We need some sort of cancer support services for both the patient and the caregiver.
1090	67003	Average	Not really changing much	CLIN			Longer clinic hours or an after hours clinic for nonemergent illness.
1138	67142	Very Good	Not really changing much	COMM	MRKT	AGE	I have no idea, have not heard or seen that most the programs listed on pg 9&10 are even available in HP CO (and we do get the HP paper). So there might be a lack of communication to the public what is actually available in the communities in HP CO. I think, since the hospital is going to be in the country now, you might need to address transportation issues for families and the elderly with your community taxi services and allow additional funding for that service.
1247	67003	Poor	Decreasing - slipping downward	COMM			Partner with KU Medical School to bring new doctors to our community.
1092	67003	Good	Not really changing much	CORP			Community wellness center near Chaparral and Patterson Family Health Center with a partnership from City Rec Commissions, County, School and Hospital.
1214	67058	Average	Not really changing much	CORP			I think you need to work on getting confidence in the community on what you do have first.
1010	67003	Good	Increasing - moving up	DIA	CANC	PNEO	Find way to deliver dialysis, cancer treatments, more efforts in prenatal and delivery, a more seamless emergency delivery and care system- emphasis on timeliness.
1137	67058	Very Good	Increasing - moving up	DIAB	BH		diabetic teaching, mental control
1052	67018	Poor	Not really changing much	DOCS			Open my records for all the doctors to see at any time so they know what the other doctors are recommending for my care.

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	What "new" community health programs should be created to meet current community health needs? Can we partner somehow with others?
1038	67003	Average	Increasing - moving up	DOH	BH	FIT	PHC and public health working actively in the schools. Kids need to be exposed to mental and physical wellness activities and education EVERYDAY, not just one or two events a year. For most, this is the only place they will receive it. Grocery stores could have qualified nutritionist help them re-vamp their shelves.
1143	67058	Very Good	Not really changing much	DRUG	ALC	VIO	I FEEL WE HAVE A FAIRLY BAD DRUG PROBLEM IN OUR COMMUNITY NOW AND ALCOHOL WILL ALWAYS BE A PROBLEM WHICH JUST LEADS TO PROBLEMS WITH DOMESTIC VIOLENCE
1023	67003	Average	Increasing - moving up	DRUG	ALC		drugs and alcohol
1029	67003	Average	Increasing - moving up	DRUG	ALC		Drug and alcohol treatment
1148	67003	Good	Increasing - moving up	DRUG	ALC		drug abuse/drug abuse prevention along with rehabilitation services are a must in this community. this county has a very large fraction of the population that is either abusing drugs/alcohol or isn't getting efficient treatment in this area
1136	67003	Good	Increasing - moving up	DRUG	BH		Substance abuse, mental health.
1044	67003	Good	Increasing - moving up	DRUG	DENT		Law enforcement and the healthcare along with our city county commissioners need to make our communities drug free. Then we can promote our communities safety. One of our most valuable assets ! Dental care needs to be less about show and profit to promote dental in our community and we need better outpatient services so we don't have to leave our county
1082	67003	Average	Not really changing much	DRUG	PREV		There needs to be more education about drug use and prevention.
1121	67058	Average	Increasing - moving up	DRUG	VIO		Drug education. Child care abuse prevention
1160	67058	Good	Increasing - moving up	DRUG			Addressing substance abuse issues
1216	67058	Good	Increasing - moving up	DRUG			drug rehabs for all ages
1114	67003	Very Good	Decreasing - slipping downward	FAC			Ymca
1067	67058	Poor	Decreasing - slipping downward	FINA			Cut costs
1210	67003	Good	Increasing - moving up	FIT	NUTR		More Exercise within the community and more healthy foods.
1115	67003	Average	Not really changing much	FIT	POV		We need affordable exercise for the poor who cannot pay the prices to join at the wellness centers
1177	67106	Very Good	Increasing - moving up	FIT			exercise programs
1118	67058	Average	Decreasing - slipping downward	HH			Home Health
1245	67036	Good	Increasing - moving up	HOSP			to soon to address this question until the hospitals merger and the dust settles
1198	67058	Good	Not really changing much	KID			More work with the younger generation, especially the high school age and better head start programs for the preschool age.
1033	67003	Good	Increasing - moving up	NO			Unsure about this
1076	67003	Poor	Increasing - moving up	NO			not for sure at this moment
1087	67003	Average	Not really changing much	NO			I'm not sure that new ones need to be created. There are many previously mentioned that I marked negatively because I had either never heard of them in this community or did not know who handled them.
1091	67003	Very Good	Increasing - moving up	NO			I can't think of anything at this time.
1144	67003	Average	Not really changing much	NO			I have no new ideas
1178	67058	Very Good	Increasing - moving up	NO			yes
1230	67003	Average	Increasing - moving up	NO			I am not sure at this time.
1233	67003	Average	Increasing - moving up	NO			Not sure
1237	67003	Good	Not really changing much	NO			I really do not know.
1239		Good	Not really changing much	NO			Not sure
1025	67003	Good	Increasing - moving up	NUTR	FIT	PREV	Partner with the schools for awareness on good nutrition, exercise & preventative care. Parent/child programs working together for better food choices/prep/cost. Partner with local ag agencies/extension off-learn basic gardening skills. Wellness Centers to create programs in the community to promote healthy exercise for all ages. Sodium/sugar/reduce chronic disease awareness programs.
1161	67058	Good	Decreasing - slipping downward	NUTR	FIT		Nutrition, healthy eating, physical exercise w/ extension
1182	67003	Average	Not really changing much	NUTR	VIO		need help with eating habits, family issues
1196	67058	Good	Increasing - moving up	NUTR			Start with nutrition education and educate that all disease starts in the gut and it depends on what foods you put in your gut. Will they heal you or kill you? Yes, we are looking at some partnerships already.
1035	67009	Average	Decreasing - slipping downward	OBES	CANC	DRUG	Partnering with Specialty clinics from Wichita to provide treatment and education would be a great resource for our community. Obesity, Cancer, Drug Abuse, Womens Health...etc.
1159		Average	Not really changing much	OBES	INSU		Weight loss program. The clinic in Kingman Ks offers a weight loss program. This program does not except insurance, its a cash program.
1175	67058	Average	Decreasing - slipping downward	OBG	PNEO	SPEC	OBGYN to improve prenatal care, specialist consults so patients may keep follow-ups vs cancel because they don't want to go to Wichita

## CHNA 2018 Community Feedback - Harper Co N=249

ID	Zip	Overall	Movement	c1	c2	c3	What "new" community health programs should be created to meet current community health needs? Can we partner somehow with others?
1015	67058	Good	Increasing - moving up	OBG			Maternity options.
1205	67003	Poor	Not really changing much	OBG			delivering babies.
1231	67009	Average	Not really changing much	ONC	PAIN	CHRON	Oncology specialists, Pain Management, Chronic Health, Substance abuse counseling
1212	67003	Good	Increasing - moving up	OPHTH	SURG		Bring more outpatient specialists and surgeons to the area. Continue to work with high schools for transitions to careers.
1179	67003	Good	Not really changing much	OPHTH			Ophthalmology
1046	67003	Average	Not really changing much	OTHR			support groups for parents with special needs child
1054	67009	Average	Decreasing - slipping downward	OTHR			School and Hispanics
1064	67058	Poor	Not really changing much	PEDS	ENDO		Pediatric doctor, Endocrinologist's
1074	67118	Good	Increasing - moving up	PEDS	NUTR		Something for young families, additional caregivers for young & seniors, nutrition counseling for over weight
1244	67058	Good	Increasing - moving up	PEDS	NUTR		Pediatrics, whole community wellness initiatives: sidewalks for easy walking for community and school, bike lanes, improved access to fruits and vegetables
1124	67003	Average	Decreasing - slipping downward	PHAR	EMT		Assistance getting the correct medication when needed. Able to see your provider when needed. Able to get the ambulance and knowledgeable EMT FOR THAT PARTICULAR EMERGENCY when called out.
1150	67112	Average	Decreasing - slipping downward	POV	DRUG		ACES program/poverty issues; substance abuse prevention/treatment options
1009	67058	Average	Increasing - moving up	PREV			more education to prevent
1167	67156	Average	Increasing - moving up	PRIM	PREV		Direct primary care at the hospital clinic, low cost high quality healthcare focusing on prevention
1065	67058	Very Poor	Decreasing - slipping downward	QUAL			I don't know how you focus on new programs when the ones we currently have are so broken! Let's try to fix the mess we currently have first!
1119	67003	Poor	Not really changing much	QUAL			I'm not sure how about you get the current ones working before you create a new mess.
1120	67058	Average	Not really changing much	QUAL			Upgrade what we have now
1146	67003	Poor	Not really changing much	QUAL			Just make what we have quality
1195	67058	Average	Not really changing much	REC			Local focused 'clubs' that have a specific goal/activity--running club, bicycling club, etc--and leadership that promotes and inspires people to join in.
1021	67003	Poor	Not really changing much	SPEC			Need more visiting specialists.
1097	67003	Good	Decreasing - slipping downward	SPEC			More specialists
1215	67058	Average	Decreasing - slipping downward	SPEC			more speicilists vs everyone being shipped
1228	67003	Average	Not really changing much	SPEC			Maybe a few more specialist coming to our hospitals so we don't have to go to Wichita or elsewhere.
1155	67058	Average	Decreasing - slipping downward	SS	DENT	BH	I believe we need to get trained social workers in the hospital to help our self pays,poverty people signed up for medicaid or an affordable insurance. We need to stay on top of the medicaid users , that they are taking their kids and themselves to dental, immunizations, preventive care. Improve Mental health children and adults. Really there just needs to be improvement on followup with our current patients that preventive and followups appts are being done.
1048	67003	Very Good	Increasing - moving up	TELE			Telehealth
1192	67058	Good	Increasing - moving up	TOB	OBES	SEX	Education Classes regarding Tobacco, Weight, Sex ED, etc
1037	67058	Good	Not really changing much	WELL			active wellness, not just education
1128		Good	Decreasing - slipping downward	WELL			K-State Research and Extension provides research-based education on areas such as health.
1202	67003	Good	Increasing - moving up	WELL			Wellness/Prevention programs
1218		Good	Increasing - moving up	WELL			Wellness education and opportunities to be actively participate.
1164	67110	Average	Increasing - moving up	WOUND	BH		Wound care, mental health
1185	67003	Average	Not really changing much	WOUND	DIAB		Wound care Diabetes care and education

Let Your Voice Be Heard!

Hospital District #6 and Harper County KS Health Dept request your input to update our Community Health Needs Assessment (CHNA) - Year 2018. To collect "up to date" community feedback, a short online survey has been created to uncover any current community health issues and evaluate local health delivery since last CHNA report.

While your participation is voluntary and confidential, all community input is valued. Thank you for your attention! Deadline to participate is Wednesday, October 3rd, 2018.

1. in your opinion, how would you rate the "Overall Quality" of healthcare delivery in our community?

- Very Poor
- Poor
- Average
- Good
- Very Good

2. When considering "overall community health quality", is it ...

- Increasing - moving up
- Decreasing - slipping downward
- Not really changing much

Why? (please specify)

3. Past Community Health Needs Assessments (CHNA's) review area health resources, patient access to care, health-related factors (i.e. smoking, eating and drinking habits etc), social determinants of health, health care utilization, area health status (i.e. mortality, mental health, chronic disease rates etc.), and community economics & demographics.

In your opinion, are there any healthcare services or delivery issues that you feel need to be improved, worked on and/or changed? (Please be specific.)

4. In your own words, what is the general community perception of healthcare providers (i.e. hospitals, doctors, public health, etc.) serving our community? (Be specific)

5. From past CHNAs, a number of health needs were identified as priorities. Are any of these an ongoing problem for our community? Please select all that apply.
